C. Causes of Action (You may attach additional pages alleging other causes of action and the facts supporting them if necessary.)

Count 1: The following civil right has been violated: The right to needed medical care and
(E.g., right to medical care, access to courts,
freedom from cruel and unusual punishment and as alleged in attached complaint...
due process, free speech, freedom of religion, freedom of association, freedom from cruel and unusual punishment,
etc.)

Supporting Facts: [Include all facts you consider important to Count 1. State what happened clearly and in your own words. You need not cite legal authority or argument. Be certain to describe exactly what each defendant, by name, did to violate the right alleged in Count 1.]

On or about 10-18-05, I submitted a "Health Care Services Request Form" (HCSRF) to request medication for my severe arthritis pain, and when I transferred from Corcoran Prison to Richard J. Donovan Correctional Facility (RJDCF), my medications were not provided. I was left to suffer in pain for over a month as I was previously diagnosed with cronic pain, and doctors Canlas, Choo, Romero, and the RJDCF Warden Robert J. Hernandez knew and/or should have known of my needed medical treatment as I clearly made my problems known, and they have previously reviewed my medical file which reveals my medical cronic pain; arthritis, and other medical conditions. (See Ex.#3)

On or about 11-18-05, I submitted a HCSRF because on or about 11-2-05, I saw a doctor whom said that he was scheduling me for an X-Ray, but that X-Ray was unreasonably delayed. The X-Ray was never done arbitrarily, nor my left shoulder, and I was also to have an X-Ray on my knee that was delayed and I requested an MRI be done, but that was arbitrarily not done, and I was in severe pain from my arthritis daily and limping that interferred with my daily activities and normal sleeping habits. Doctors Canlas, Choo, Romero, and the warden of RJDCF Knew or should have known that I was in need of pain treatmnet and **surgery** as they reviewed the files when I requested treatment and/or filed appeals.

On or about 6-22-05, Plaintiff, Daniel J. Lang, filed an "EMERGENCY MEDICAL APPEAL" regarding his receiving meaningful, and adequate medical treatment for his degenerative arthritis and the resulting and debilitating pain that ~~aggravates~~ his depression, keepshim from sleeping, and has caused him to lose control of his arms, amoung other debilitating physical ailments.

(FACTS ARE CONTINUED ON THE NEXT PAGE.....)

Count 2: The following civil right has been violated: Deliberate indifference to serious
(E.g., right to medical care, access to courts,
medical needs/subjecting plaintiff to cruel/unusual punishment and as alleged in...
due process, free speech, freedom of religion, freedom of association, freedom from cruel and unusual punishment,
etc.)..plaintiff's attached complaint.....

Supporting Facts: [Include all facts you consider important to Count 2. State what happened clearly and in your own words. You need not cite legal authority or argument. Be certain to describe exactly what each defendant, by name, did to violate the right alleged in Count 2.]

This Appeal was GRANTED by CSATF APPEALS Division Head (See Exhibit #1, 602

Appeal). This Appeal has been reviewed by RJDCF Warden Robert J. Hernandez,

Doctors Choo, Romero, and Canlas upon inception here and throughout my stay at

RJDCF and they all knew that I need treatment for my arthritis and other medical

problems. Even though it was not necessary to have another appeal granted, as

that was and is useless, Plaintiff filed several appeals that noticed all the

defendants of my needs for medical care, yet those appeals have been futile...

These four defendants have the responsibility to make certain that plaintiff

receives the requested and needed medical care, but have failed to act to provide

Plaintiff Lang with that needed care for the past three years despite all the

requests by Lang that they are all well aware of.

Defendant Robert J. Hernandez, Warden of RJDCF, either directed his subor-

dinates not to provide the requested medical care to Plaintiff Lang as requested

and/or he failed to direct his subordinates to provide Plaintiff Lang with the

requested medical care that Lang requested on numerous HCSRf over that past three

years; By either acting and/or failing to act in this way, Warden Robert J.

Hernandez is an actual and proximate cause of the medical deprivation of Plaintiff's

Constitutional rights.

Robert J. Hernandez is well aware of Plaintiff Lang's Medical needs requested

as not only did he review the medical appeals under his responsibility, but he

was personally noticed by plaintiff's wife, Sheri M. Perry, on or about

May 15, 2006 by letter that she sent to the Warden, Robert J. Hernandez,

informing him of my medical needs for which he either ignored, or after he

acted, his subordinates Doctor Choo, Romero, and Canlas failed to promptly

act to provide the needed and requested medical care (See Exhibit #2, Letter

of Sheri M. Perry Dated: May 15, 2006).

(FACTS ARE CONTINUED ON NEXT PAGE.....)

Count 3: The following civil right has been violated: Eighth Amendment violation as
 (E.g., right to medical care, access to courts,
 alleged throughout this petition and in the attached complaint.....
 due process, free speech, freedom of religion, freedom of association, freedom from cruel and unusual punishment,
 etc.)

Supporting Facts: [Include all facts you consider important to Count 3. State what happened clearly and in
 your own words. You need not cite legal authority or argument. Be certain to describe exactly what each defendant,
 by name, did to violate the right alleged in Count 3.]
 (Continuation of Supporting Facts from the forgoing pages #s.3-4...)...

Despite Plaintiff's requests for medical care of his knee, it was repeatedly
 delayed and/or denied for some time, for over a year; and for an unreasonable
 amount of time and neither was plaintiff Lang provided with any meaningful
 pain medications regardless of the tear in his knee, and the doctors have still
 not totally fixed the tear in his knee because after he is finally given the
 MRI requested, it revealed a deep tear in the meniscus disc. That tear has been
 existant in my knee, causing me complained of pain for over two years now, or
 thereabouts, and treatment has been delayed and/or denied by Doctors choo,
 Romero, Canlas and the Warden Robert J. Hernandez; Moreover, every documented
 HCSRF requesting treatment, has additionally been delayed by the nurse on duty,
 Nurse Whitehead; Nurse Whitehead delayed every HCSRF, denying me immediate and/or
 prompt pain treatment and needed medical care for two or more weeks each visit.
 Nurse Whitehead denied me immediate and/or prompt access to the doctor for the
 needed and requested treatment each and every time I reported to the nurse line
 for care and the complained of problems. Nurse Whitehead failed to act
 promptly inform the doctor and/or the doctor Canlas denied me the access
 requested after he was informed by the nurse of my need. The dates of these
 requested medical treatment on HCSRF are attached as **Exhibit # 3** and incorporated
 herein in their entirety..... Hereafter said dates are set forth.....

Plaintiff Lang has and is experiencing severe pain from his diagnosed
 degenerative arthritis, and he has and is continuously going to the medical
 department at RJDCF, and sending HCSRF, requesting treatment for the pain
 in his shoulders and right knee. He is also continuously requesting surgery
 for his shoulder replacement and right meniscus disc tear, yet its been delayed
 and/or denied by Doctors Choo, Romero, Canlas, Matthew Meunier, and JANE/JOHN.

F. Demand for Jury Trial

Plaintiff demands a trial by ☒ Jury ☐ Court. (Choose one.)

G. Consent to Magistrate Judge Jurisdiction

In order to insure the just, speedy and inexpensive determination of Section 1983 Prisoner cases filed in this district, the Court has adopted a case assignment involving direct assignment of these cases to magistrate judges to conduct all proceedings including jury or bench trial and the entry of final judgment on consent of all the parties under 28 U.S.C. § 636(c), thus waiving the right to proceed before a district judge. The parties are free to withhold consent without adverse substantive consequences.

The Court encourages parties to utilize this efficient and expeditious program for case resolution due to the trial judge quality of the magistrate judges and to maximize access to the court system in a district where the criminal case loads severely limits the availability of the district judges for trial of civil cases. Consent to a magistrate judge will likely result in an earlier trial date. If you request that a district judge be designated to decide dispositive motions and try your case, a magistrate judge will nevertheless hear and decide all non-dispositive motions and will hear and issue a recommendation to the district judge as to all dispositive motions.

You may consent to have a magistrate judge conduct any and all further proceedings in this case, including trial, and the entry of final judgment by indicating your consent below.

Choose only one of the following:

☒ Plaintiff consents to magistrate judge jurisdiction as set forth above.

OR

☐ Plaintiff requests that a district judge be designated to decide dispositive matters and trial in this case.

15 Files and the Appeals for Medical treatment granted therein, and failed to act
16 to provide plaintiff meaningful, adequate, and effective treatment as granted
17 and requested by plaintiff; Defendants Robert J. Hernandez, Warden, Doctors
18 Choo, and/or Romero have known of plaintiff's medical requests, granted
19 appeals, and medical needs and acted deliberately indifferent to plaintiff's
20 medical requests, medical needs, and medical appeals granted by failing to act
21 to provide prompt needed medical care/treatment and/or providing treatments
22 that they were informed and knew did not work for plaintiff and/or delaying
23 or denying requested reasonable accommodations. These defendants failed to
24 direct their subordinates to provide Plaintiff with requested treatments/tests,
25 and/or directed them not to provide requested treatment and/or reasonable
26 accommodations. (See Exhibits #3 & 9).

27 17. From September 7th, 2005, to present, defendants and all of them, have
28 repeatedly delayed and/or denied performing medical MRIs, medical tests, and

1 and providing medical treatment and/or pain relief for plaintiff's
2 arthritis, knee tear, and toe/kidney/lumps and pain. Said medical tests and
3 treatments include, but are not limited to, MRI's, blood tests for possible
4 gout, for which plaintiff had to get a psychiatrist to do for him, cortisone
5 injections, hydrocodone with actiminophen, Avinza, OxyContin and/or other
6 treatments etc. and up to and including surgical replacement of the joint that
7 has been prescribed previously; Additionally defendants, and all of them have
8 failed to do follow-up appointments promptly without delay and/or being
9 negligent.

10 18. From September 7th 2005, to present, defendants, and all of them, have
11 been aware of the fact that plaintiff suffers from severe degenerative
12 arthritis and/or from severe depressive disability, PTSD, and that delay or
13 denial of needed pain treatment had resulted in increased/aggravated
14 psychological, depression, and other problems such as loss of sleep, inability
15 to focus, inability to function daily on a normal basis, increased agitation
16 and inability to properly communicate with others normally on a daily basis,
17 among other things; Moreover, Psychologists have notified defendants, and all
18 of them, of plaintiff's medical needs. (See Exhibit #5).

19 19. From September 7th, 2005, to present, defendant, and all of them, have
20 on sporadic basis, failed and refused to provide plaintiff with needed pain
21 releif, medications, effective anti-inflammatory and pain medications, tests,
22 and treatments as set forth in paragraphs 1 thru 18 and infra; Defendants, and
23 all of them, have on numerous occasions during this time period failed to
24 and refused to provide plaintiff with necessary pain medications, and/or
25 appropriate/correct diagnosis/treatments, and/or being neglagent or deliberate
26 indiferent by disregarding needed tests and treatments for plaintiff.

27 20. From September 7th, 2005, to present, defendants, and all of them,
28 have subjected plaintiff to hostility, excessive force, abuse in apparent
retaliation for plaintiff's efforts to secure proper medical tests, treatments,

1 medications, therapy, diagnosis, exercise of joints, and/or MRIs; Said
2 conduct of defendants, and all of them, has included, but is not limited
3 to, cell searches, disregarding medically ordered Chronos to cuff at waist or
4 in front, denying access to cell and/or medications therein, withholding
5 medications and medical supplies and reasonable accommodations (i.e. adjustable
6 knee brace, egg-crate mattress, etc.), Locking plaintiff in cell all day/wrong-
7 ful detention, delaying/denying treatments, withholding pain medications,
8 failing to refer petitioner to pain specialist, withholding anti-inflammatory
9 medications, and delaying/denying access to prompt medical treatment by a
10 doctor and the Clinic on Facility One; Moreover, Defendants Canlas, Robert J.
11 Hernandez, Choo, Romero, knew of these complaints, delays, and denials, and
12 failed to supervise and act on them professionally and/or were negligent in
13 their duties or deliberately indifferent. (See Exhibits 3 & 9).

14 21. Plaintiff has filed appeals through the prison grievance system
15 relative to defendants' conduct described herein; One such appeal was filed on
16 or about 6-22-05, wherein plaintiff asked for his disabilities to be documented
17 on an 1845, that he be issued a 128-C Health Services Chrono, and that Plaintiff
18 be issued an Egg-Crate mattress/Head Rest to decrease pain while trying to
19 sleep (Reasonable Accommodations) and decrease exacerbation of his Arthritic
20 condition, and that plaintiff be provided other accommodations and meaningful
21 adequate, and effective treatment because the pain medications were not working
22 that he had been prescribed; Plaintiff had family members write to Warden
23 Robert J. Hernandez making him aware of plaintiff's medical needs; Plaintiff
24 additionally notified others of his medical needs such as Defendants Canlas,
25 Choo, Romero, C/O Escalante, and Nurse Whitehead via verbal encounters, medical
26 requests (HCSRF), Appeals, and letters, of his needed treatment and medical
27 care for his conditions (i.e. Arthritis, Knee Tear, Toe, Etc.); Plaintiff's
28 Appeal is by defendants on or about January 16, 2006, A copy of this appeal

1 is attached, along with plaintiff's other appeals, to this Complaint;
2 Plaintiff has thus exhausted all his administrative remedies and/or they have
3 been made futile by defendants, and all of their, refusal/failure to answer
4 appeals submitted subsequently, for the claims herein, yet delays and/or
5 denial of treatment has continued; (See Exhibits 1, 5, & 9).

6 SPECIFIC FACTS

7 22. On or about 2-10-06, plaintiff reported to the Facility One Clinic
8 Nurse's Line; The Nurse had the Doctor look at plaintiff's masses/lumps on his
9 back, but the doctor refused to do any testing on them even though I said they
10 were inflaming and hurting Doctor Kahng, Canlas, Choo, Romero, all knew of
11 these masses and requests for treatment at this time and delayed and/or denied
12 treatment and medical care as requested and needed. Doctors Canlas and/or Kahng
13 were the Doctors on duty. (See Exhibits #12).

14 23. On or about 2-10-06, Escalante was the C/O on duty at the Facility
15 One Clinic and I heard him tell the nurses and doctors that there's nothing
16 wrong with me and that the prisoner is just drug seeking....I have heard C/O
17 Escalante make this statement to the doctors and nurses on numerous occasions
18 and on information and belief numerous other prisoners have also heard and
19 viewed guard Escalante make these kind of statements to the medical staff.

20 24. On or about 2-21-06, ~~Plaintiff went to the Facility One Clinic because~~
21 he was experiencing pain and inflammation in his back/lumps/masses, but the
22 doctor on duty stated that "I think you could be immagining it all" or you
23 could be psychologically causing it pain; Doctor Canlas and/or doctor Kahng
24 was on duty that day and delayed and/or denied plaintiff treatment thereby.
25 Doctors Choo, and Romero are aware of this visit and failed or refused to
26 provided the needed care also. (See Exhibit 12)..

27 25. Plaintiff again complained of the throbbing masses in his back and the
28 doctors on duty, Canlas and/or Kahng denied and/or delayed requested medical

1 care requested and needed. Doctors Choo, Romero, were well aware of these
2 medical requests, yet they refused to, and/or failed to act, to provide
3 needed medical care to plaintiff.

4 26. On 3-3-06 Plaintiff again met with Doctor Kahng for a Doctor's
5 appointment, and resolution of a CDC 602 Appeal; Plaintiff requested several
6 reasonable accommodations, such as an Egg-Crate Mattress, Head-Rest, knee
7 brace, etc., yet the doctor unreasonably claimed that plaintiff did not
8 meet the criteria; But this is unreasonable due to plaintiff could be perscribe
9 same on street (free world); Doctor Kahng stated that "If I give you an
10 Egg-Crate Mattress & Head Rest, Everyone will want them." After I asked him
11 if that was a reasonable accommodation, he agreed that it was, but even though
12 he agreed that it was a reasonable accommodation, Doctor Kahng still refused
13 to provide plaintiff with the needed and requested treatment. Doctor Kahng
14 denied treatment, at this appointment. (See Exhibits 5 & 12).

15 27. On 3-9-06, plaintiff went to his doctors appointment at approximately
16 1500 hours. The doctor stated that he forgot petitioner's appointment but gave
17 petitioner his shot of cortizone anyway, and the doctor stated that he would
18 be giving me approximately four shots of cortizone each year, but Doctor
19 Kahng and/or Canlas delayed and/or denied me these treatments; Doctors Choo,
20 and Romero Knew about these treatments and denied them altogether. (Exhibit 12

21 28. Plaintiff has been experiencing severe degenerative pain in his right
22 and left shoulders as is diagnosed on or about June 17th, 2003, by Doctor
23 James Carter Thomas, M.D. (See Exhibit #1, CDC 602 exhibits 14 pages in); He
24 has sought needed medical pain treatment, therapy, and othrer treatments, but
25 to date doctors Choo, Romero, Warden Hernandez, Doctors Kahng, and Canlas
26 have all deliberately ignored, delayed, and/or denied the needed and requested
27 treatment.

28 On 10-28-05, plaintiff filed an 1824 reasonable accommodations claim

1 form requesting various reasonable accommodations with regard for his
2 degenerative arthritis, knee injury, and other treatments, but this request
3 is denied and/or unreasonably delayed by Warden Hernandez, Doctors Choo, and
4 Romero, and Kahng, and Canlas. (Ex.#5).

5 On 10-19-05, plaintiff reported to a R.N.-Line and told the nurse and
6 doctors about his degenerative arthritis problems and that the medications
7 he had been taking were not working to relieve him of severe pain, and that
8 the pain is interfering with his normal daily functions and activities,
9 including, but not limited to, preventing sleep, inability to pick up
10 objects without spasms, without mobility problems, etc., and plaintiff
11 requested reasonable treatment and accommodations at that time, but plaintiff
12 was denied access prompt access to the doctor for needed treatment by
13 Escalante, the nurse on duty JANE DOE, and the doctor on duty, doctors Kahng,
14 and/or Canlas and was told that any treatment would be delayed and deferred to
15 November 2nd, 2005, some two weeks while plaintiff remained in pain and needed
16 immediate/prompt pain relief/medical treatment. (Ex.#3)

17 On 11-2-05. doctor on duty, on information and belief it is doctor
18 Kahng/Canlas, and claimed that he was scheduling plaintiff for X-Rays and
19 follow-up appointments, but plaintiff never received the X-Rays, so on
20 11-9-05, plaintiff went to the Facility One Clinic and inquired about the
21 X-Ray scheduling. Guard Escalante, the nurse on duty Jane Doe, and the Doctor
22 on duty, Kahng/Canlas told me to come back next week.

23 On 11-18-05, Plaintiff again went to the Facility One Clinic to inquire
24 regarding his Knee X-Ray and also asked for an M.R.I. to be done, but they
25 claimed not to have a record of it, and that plaintiff should again submit
26 a HCSRf to see the doctor which would take another two to three weeks or
27 more. Plaintiff is delayed and denied needed medical treatment at this time
28 by the Doctors on duty, Doctors Kahng, and Canlas, the nurse on duty, JANE DOE,

1 and the guard on duty Escalante whom refused me access to see the doctors at
2 that time. On 11-18-05, plaintiff's 1824 response is due and he never
3 was promptly given a response by Doctors Choo, Romero, Kahng, and Canlas.

4 29. On or about 3-4-06, Doctor Deering prescribed/recommended that
5 plaintiff Lang be permanently assigned to a lower-bunk housing due to his
6 severe arthritic condition and inability to utilize his arms properly to
7 climb, and this arthritic condition is known to defendants Warden Hernandez,
8 Doctors Choo, Romero, Kahng, and Canlas whom have delayed and/or denied
9 effective medical care repeatedly. (Ex.#13).

10 30. On or about 3-6-06, staff physician Kahng perscribed/recommended
11 that plaintiff be WAIST CUFFED ONLY due to his painful medical condition
12 and inability to get his arms behind his back, and defendants and all of
13 them knew of this Chrono and medical condition yet still delayed and denied
14 needed medical care and/or ignored that medical care ordered.

15 31. On 3-24-06, plaintiff reported to the Facility One Doctor's-Line, but
16 the Doctor on duty, Kahng/Canlas denied and delayed plaintiff effective
17 treatment as plaintiff complained of knee and/or shoulder pain and was not
18 given the requested M.R.I., X-Rays, and pain treatment. (ex.#13).

19 32. On 4-5-06, plaintiff again reported to a Doctor's-Line in the Facility
20 One Clinic, and the doctor merely re-perscribed the medications that plaintiff
21 told the doctors were not working, and denied and delayed treatment and
22 needed medical care as requested of doctors Kahng, Canlas, and others.

23 33. On or about 4-17-06, plaintiff reported to the Nurse's-Line complain-
24 ing of shoulder and knee pain, and yet again the nurse on duty deferred
25 treatment requested and needed for several weeks, and Dostors Canlas and
26 Kahng denied and/or delayed treatment knowingly, wantingly, and with
27 deliberate indifference to plaintiff's medical needs. (ex.312).

28 34. On or about 5-3-06, plaintiff reported to the Nurse's-Line complaining

1 of Knee, toe, and/or shoulder arthritic pain. The Nurse on duty,
2 deferred plaintiff's medical needs and requests for reasonable accommodations
3 unreasonably for several weeks and the doctors on duty, Defendants Kahng, and
4 or Canlas again denied plaintiff prompt needed medical treatment and care.

5 35. On or about 5-10-06, plaintiff submitted a HCSRF complaining of
6 severe shoulder pain from his degenerative arthritis, and he informed the
7 medical staff that the medication that were being given to him were not
8 working to relieve his pain. Plaintiff also complained about pain in his
9 lower back and hip and his right knee injury that had gone untreated since
10 October of 2005. Petitioner was seen by the nurse, Jane Doe, on duty, and
11 the doctors on duty, Doctors Kahng, and/or Canlass whom merely deferred
12 treatment to a later date while plaintiff remained untreated for severe
13 chronic pain, and they failed to properly and fully diagnose plaintiff's
14 injuries, and treat those injuries at this meeting. (Ex.# 3).

15 36. On or about 5-11-06, plaintiff submitted an 1824 Reasonable
16 Accommodations Request Form to the appeals office complaining that he is not
17 being provided with adequate, effective and meaningful arthritis pain manage-
18 ment medications for severe pain; Knee hip and back pain that has been causing
19 plaintiff to suffer unnecessarily, and additionally causing him not to be
20 able to function and walk normally. He complained about the fact that his
21 knee surgery being delayed unreasonably and requested that he be given pain
22 medications that work, a disability chrono for his mobility impairment, with
23 work restrictions, and no longer delay the surgery that he needs and is
24 prescribed.

25 37. On or about 5-12-06, plaintiff reported to the nurse's-Line, and
26 informed the nurse on duty, Defendant Jane Doe, of his severe pain problems,
27 the medication needed, and the shoulder, knee, back and hip pain, and delayed
28 surgery and requested to see a doctor promptly pursuant to emergent/urgent

1 needed medical care, but the nurse, Jane Doe, denied me access to the doctors
2 on duty, and doctors Kahng and/or Canlas denied me access to prompt treatment
3 at that time also, and the guard on duty, Excalante, denied me access to the
4 doctor by ordering me to go back to the housing unit, thus denying and delying
5 access to prompt needed urgent medical care. (Ex.#12).

6 38. On or about 5-18-06, plaintiff reported to the Doctor's-Line and
7 reuested reasonable accommodations and pain treatment, but the doctor on
8 duty, doctors Kahng/Canlas denied plaintiff any requested pain medications
9 and merely gave plaintiff medication that plaintiff told the doctor did not
10 work to relieve his pain; Nor did doctor Kahng do anything about plaintiff's
11 knee, back and hip pain and requested/perscribed surgery to expedite that
12 process. Doctors Kahng/Canlas merely deferred treatment that is meaningful
13 and effective to a furture date leaving plaintiff in pain. The doctors
14 stated that follow-up appointment would be done but failed to followup on
15 those appointments. Doctors Choo, and Romero knew about these appointments
16 and failed to make sure that plaintiff received his follow-up appointments.
17 Defendants Choo and Romero faciled toprovide and/or have their subordinates
18 provide needed medical care to plaintiff. (Ex.#12).

19 39. On or about 5-27-06, plaintiff submitted a Level D.Formal Level
20 response to his ADA issue requesting effective and adequate medical care
21 and accommodations.

22 40. On or about 6-2-06, plaintiff reported to the nurse's-Line and
23 complained of needed medical care and prompt care, but the nurse on duty,
24 Jane Doe, and the guard on duty Escalante, denied plaintiff prompt access to
25 the doctors at this time without telling the doctors nor documenting his
26 complaints. (Ex.12).

27 41. On or about June 21, 2006, plaintiff wrote to J. Stovall, Inmate
28 Appeals Coordinator at RJDCF, regarding the unanswered CDC 1824 Reasonable

1 Accommodations complaint submitted on 5-17-06. Plaintiff complained of no
2 response being given but was denied and delayed treatment regardless of
3 his efforts to seek relief of pain and surgery.

4 42. On or about 7-5-06, plaintiff reported to the nurses-line and compl-
5 ained about severe pain and needed treatment for his arthritic condition, and
6 his knee, and back pain, but the nurse on duty, Jane Doe, failed to document
7 the request for urgent medical care and delayed and denied plaintiff access
8 to the doctor on duty. (Ex.12).

9 43. On or about 7-18-06, plaintiff reported to the Doctor's-Line and
10 complained of severe pain and requested reasonable accommodations for pain
11 treatment and needed surgery, but the doctor merely re-perscribed the same
12 medications that plaintiff told the doctors Canlas/Kahng did not work and
13 thus denied and delayed treatment at that time. (Ex.12).

14 44. On or about 8-4-06, plaintiff reported to the Nurse-Line and again
15 complained of severe pain, but the nurse on duty, failed to document said
16 complaints and thus Jane Doe Defendant delayed and denied plaintiff treatment
17 and so did the guard on duty deny/delay access to treatment and the doctor,
18 defendant Escalante as he ordered plaintiff to return another time without
19 care of plaintiff's medical needs.

20 45. On or about 9-1-06, plaintiff reported to the Nurse Line and again
21 complained of needed urgent medical care due to severe arthritic pain, back
22 and hip pain, but the nurse and doctor on duty, Jane doe, and doctors
23 Kahng/Canlas denied and delayed treatment by deferring to a future appointment
24 without examination and documentation. (Ex.12).

25 46. On or about 10-6-06, plaintiff reported to the doctors appointment
26 with doctor Kahng/Canlas requesting immediate pain relief and medications
27 for plaintiff's arthritic pain in his shoulders, yet the doctor failed to
28 provide effective, requested, and meaningful treatment and pain relief.

1 On or about 12-15-06, plaintiff reported to a doctors appointment with
2 doctor Kahng/Canlas, and he informed the doctor that the medications plaintiff
3 has been receiving do nothing for his pain and again asked for pain medication
4 that works to relieve pain and will enable plaintiff to function normally on
5 a daily basis, yet Doctor Kahng/Canlas denied and delayed treatment and
6 deferred treatment to another appointment. Defendants Kahng/Canlas knew and/
7 or should have known about all plaintiff's requests for medical treatment
8 as they claim to have reviewed plaintiff's medical file thoooughly. (Ex.12)

9 47. On or about 1-25-07, Plaintiff reported to another doctor's
10 appointment and requested paint relief and immediate and urgent treatment
11 for arthritis pain, back pain, and hip pain, yet meaningful and effective
12 treatment was denied by doctor Kahng/Canlas, and doctors Choo, and Romero
13 knew or should have known of this appointment yet again delayed and denied
14 treatment. (Ex.12).

15 48. On or about 2-21-07, plaintiff requested immediate urgent needed
16 mendical care and treatment for pain relief of his shoulder, knee, and back
17 and hip pain but defendant nurse Whitehead deferred treatment and refused
18 to permit plaintiff to see the doctor on duty, and the doctor on duty,
19 doctor Canlas and guard Escalante denied and delayed treatment at this time.

20 49. On 3-22-07, plaintiff went to a doctor's appointment to see
21 defendant Canlas and requested treatment for pain relief, yet again none was
22 perscribed, and doctors Choo, and Romero knew or should have known, of this
23 appointment and request for treatment yet failed to act to provide proper
24 prompt treatment for plaintiff's medical needs. (Ex.12).

25 50. On or about 4-10-07, plaintiff reported to the nurses line to
26 request urgent pain relief for shoulder, knee, and back and hip pain, yet
27 again nurse Whitehead, and/or the nurse on duty, deferred treatmnet failing
28 to address the doctor on duty and/or the doctor on duty, doctor Canlas denied

1 and delayed treatment that is needed and requested which he has known about.

2 52. Plaintiff, Lang, has submitted numerous HCSRF for which he no longer
3 has copies of, over the months and years of 2005, 2006, 2007, and 2008, yet
4 medical staff either misplace those requests, failing to even respond to them
5 along with 602/1824 Appeals, but they have all basically resulted in a denial
6 and delay of treatment. How many times must a person, Plaintiff, request
7 help and needed pain relief and medical care before it is considered deliberate
8 indifference. repeated denials and/or delays can amount to
9 a wanton deliberate indifference and thereby be cruel and unusual punishment.
10 Plaintiff incorporates all dates and time and defendants into this complaint
11 and paragraph by this reference that he may have missed and/or discover
12 upon further litigation and discovery processes. (Ex.3).

13 53. On or about 10-22-07, plaintiff submitted a CDC 602 Appeal stating
14 that on 10-15-07, he sent a HCSRF to the RJDCF One Clinic requesting immediate
15 and prompt treatment for Degenerative Arthritis Pain and his knee, and Back,
16 and hip pain, and also informing the medical staff that follow-up appointments
17 were not followed up on, and that plaintiff has not received adequate,
18 effective and meaningful treatment but has suffered debilitating pain due
19 to the lack of treatment and medical care by the staff, Doctors Kahng, Canlas,
20 Choo, and Romero, and Nurse Whitehead. At the Second Level of this Appeal,
21 Doctors Choo and Romero GRANTED PLAINTIFFS Appeal, yet merely paid lip service
22 to Plaintiff, Langs, Appeal, as nothing was done to supervise staff in
23 providing needed treatment requested and to relieve plaintiff's suffering and
24 pain, and they knew of all requests and HCSRF submissions and appointments as
25 they reviewed the record, and they also know of the X-rays and the condition
26 plaintiff suffers, yet failed to provide prompt needed pain relief that is
27 meaningful and effective, nor provided supervision to doctors whom failed in
28 their diagnosis and failed to provide needed tests (MRIS), but rather they

1 also failed to interview the plaintiff and examine him before making such
2 life altering decisions on an Appeal for help. Doctors Choo and Romero failed
3 to provide plaintiff with needed pain relief medications without proper and
4 full evaluation of the record and patient. (Ex.9).

5 54. On or about 10-23-07, plaintiff submitted a HCSRF requesting relief
6 from severe pain and informing medical staff that the pain is so bad that it
7 is interfering with his sleep, walking properly, and using his arms properly,
8 causing muscle spasms, etc., yet again doctors Choo, Romero, Canlas, and the
9 Warden Hernandez, failed to supervise to provide plaintiff prompt treatment
10 and needed pain relief as plaintiff was again left to suffer for weeks in
11 pain before even being seen and once seen nothing was done. (Ex.3).

12 55. On or about 10-25-07, I went to medical Clinic One requesting
13 immediate treatment for shoulder pain and knee pain, and Doctor Livesay
14 even escorted me over there as it was interfering with my mental health
15 treatment and progress and exacerbating my depression. Doctor Livesay and
16 Plaintiff both requested immediate treatment and to see a doctor yet guard
17 Escalante denied plaintiff access to the doctor and failed to record urgent
18 medical request by plaintiff, and his doctor, Doctor Livesay. Escalante also
19 denied and delayed access to needed medical care and the nurse on duty.

20 56. On 10-26-07, plaintiff was in so much pain that it exacerbated his
21 depression and psychological condition that Doctor Livesay a second time
22 escorted plaintiff to the Facility One Clinic and told guard Escalante to
23 get me in to see the doctor, but as soon as Doctor Livesay left, guard
24 Escalante chased me off and told me to just put in a medical request (HCSRF)
25 but I complained of right knee pain, and shoulder pain and depression, lack
26 of sleep, and inability to use plaintiff's arms normally but Escalante
27 said I was faking and turned me away, failing to document urgent care request
28 by plaintiff's doctor and plaintiff. (Ex.5).

1 57. On or about 7-6-07, plaintiff reported to the doctors line at the
2 Facility One Clinic and requested urgent treatment for severe pain from his
3 arthritis, knee, back and hip pain and toe pain but doctor Canlas and/or
4 Kahng deferred treatment and reasonable care to a future appointment and
5 refused to change plaintiff's medication to medication that relieves his
6 severe pain allowing plaintiff to remain in pain and his degenerative
7 arthritic condition and knee and back pain conditions to worsen and prevent
8 plaintiff from normal daily activities such as sleep, work, proper exercise,
9 walking without a limp, running, and playing sports normally. (Ex.12).

10 58. On or about 7-20-07, plaintiff reported to the nurse line complaining
11 of severe pain and requesting urgent treatment and needed care for his
12 arthritic condition and test to be done but doctors Kahng, Canlas, and the
13 nurse on duty Jane Doe, refused immediate care and deferred plaintiff to
14 a future appointment several weeks away while he remain in pain. (Ex.12).

15 59. On or about 9-4-07, plaintiff reported to the nurses line requesting
16 treatment for said pain in his shoulders, back, knee, toe, and hip, but
17 plaintiff Lang was merely deferred treatment unreasonably as it has been
18 for the past three years or more. Doctors Canlas, Kahng, Choo, and Romero
19 knew of this appointment, and or should have known, and failed to supervise
20 their subordinates to provide proper, prompt, needed care, or failed to act
21 at all, or the nurse on duty, failed to properly address the situation to
22 the doctors and record urgent care requested by plaintiff.

23 60. On or about 10-29-07, plaintiff submitted another HCSRF, as no
24 effective medical care, other than aspirin type useless care, has been
25 given, and plaintiff is disabled with severe pain daily, and his pain has
26 been on a scale of one to 10, 7-8, excruciating; Plaintiff went to the
27 clinic to request urgent treatment as he was told by guard Escalante on
28 10-26-07 to come back on Monday, but regardless of the pain plaintiff.

1 reoprted and complained of injury Escalante again deferred access to the
2 doctor and failed to record Urgent care request as required. This was all
3 after Doctor Livesay requested urgent care for plaintiff on or about
4 10-26-07, and Escalante failed to immediately inform a nurse and/or doctor.
5 The pain makes it hard for plaintiff to contrate on anything else but the
6 pain! The pain interferes with his thinking process daily! Plaintiff has
7 informed the doctors and nurses and custory staff that his pain is very
8 debilitating. (Ex.3).

9 61. On or about 11-1-07, plaintiff reported to the Facility One Doctor's-
10 Line at approximately 1130 hours and waited four hours to see a doctor, doctor
11 Canlas whom plaintiff complained of disabling pain in his shoulders, knee,
12 back and hip and toe, and also informed doctor CanLas/Martinez of the
13 Cortisone shots ordered by Kahng four times yearly, but they refused to
14 given the shots to plaintiff and also refused to provide any needed and
15 requested care but again deferred treatment to another appointment even
16 though plaintiff claimed of severe pain needing urgent treatment and pain
17 that disables plaintiff's sleeping, walking, exercising, thinking, and daily
18 activities and just moving normally about. (Exibit 12).

19 62. On or about 11-8-07, plaintiff filed a Government Claim form
20 complaining of denied and/or delayed treatment and Cruel and Unusual Punishment,
21 pain and suffering due thereto, and deliberate indifference and worsening
22 medical conditions and diasbilities, and plaintiff sent copies to Warden
23 Hernandez, and CDCR Director Teresa Schwartz, but they failed to supervise
24 their medical subordinates to provide plaintiff Lang with prompt needed
25 medical care and denied all claims and relief instead.

26 63. On or about 11-9-07, reported to the Facility One Clinic Nurse Line
27 complaining of severe pain from his arthritic degenerative condition, Knee
28 tear, toe arthritis, lumps throbbing and back/hip pain and requested urgent

1 needed medical care and pain relief, but nurse Whithead failed to inform the
2 doctor on duty, and/or the doctors on duty, failed to provide prompt needed
3 pain relief and urgent medical care to plaintiff. Nurse Whitehead failed to
4 permit Plaintiff prompt access to the doctor, anddeferred, unreasonably, to
5 a future appointment. (Ex.12).

6 64. On or about 11-23-07, plaintiff wrote a letter to Robert Sillen,
7 Federal Receiver, noticing of litigation and action being taken against the
8 defendants for their deliberate failure to provide needed medical care and
9 cronic pain, severe urgent pain, treatment and followup appointments.
10 Plaintiff also noticed Warden Hernandez, Teresa Schwartz, Director of
11 Corrections, but the defendant Warden Hernandez failed to supervise the
12 medical staff in providing prompt needed medical care and severe pain relief,
13 and failed to provide for testing and surgical procedures ordered and/or
14 needed, and/or provide effective medications for pain relief. (Ex.14.).

15 65. Plaintiff filed numerous CDC 602/1824 Reasonable Accommodation
16 Appeals, yet many of them have not been responded to, suppressed, lost, or
17 destroyed and thereby delayed and denied adequate, effective, meaningful
18 medical care and Warden Hernandez failed to supervise staff in the proper
19 handling and processing of RJDCF Appeals. On or about 11-28-07, plaintiff
20 filed a medical appeal at thefirst level of appeal but this appeal has
21 been lost as many others have. Plaintiff is a Mental Health Patient at the
22 E.O.P. Level of Care and has been taken advantage of due to this fact, and
23 the fact that he suffers from severe depression and other mental illnesses
24 that at times disables his thinking process and ability to properly deal
25 with the oppressive situation of denial of medical care and the issues are
26 so many and complex he is not always able to protect his Constitutional
27 Interests effectively. Defendants, and all of them, have been informed that
28 denial and delay of needed medical care exacerbates plaintiff's depression

1 and other mental/psychological diagnosis.

2 66. On or about 12-3-07, plaintiff submitted a letter to the Appeals
3 Corridinator, J. Stovall regarding an unanswered Medical Appeal, and this
4 problem continued to delay and deny plaintiff access to the medical for
5 needed medical needed care. Warden Hernandez is aware of this problem and
6 has not supervised his subordinates to resolve the problem. (Ex.15).

7 67. On or about 12-4-07, plaintiff reported to the clinic for a doctors
8 appointment, but the doctor did not have plaintiff's medical file and Doctor
9 Canlas and Martinez delayed and denied treatment and examination at that
10 time unreasonably when they can do the examination, order tests, and provide
11 needed care and file the paperwork later. The appointment has been delayed
12 and denied for more than a week or two even though plaintiff requested
13 urgent care for severe pain in his shoulders, back, hip, knee, and tried to
14 get the testing for his tinnitus and lumps in his back. (Ex.12).

15 68. On 12-13-07, plaintiff went back to the clinic and complained of
16 not being re-ducketed for the appointment of 12-4-07, and plaintiff asked
17 guard Escalante for urgent treatment for severe pain, but he failed to
18 report to the doctor and/or nurse on duty of this request, and failed to
19 document it according to procedure and denied and delayed plaintiff's access
20 to the doctor and needed medical care again. Plaintiff had not be re-
21 scheduled for an appointment as recorded in his medical notes on or about
22 12-23-07. (See Exhibit #5, Personal Medical Journal).

23 69. On or about 12-21-07, plaintiff received a letter from the Department
24 of Corrections, RJDCF, Health Care Manager (A) Dennis Morris, after informing
25 the Warden about my situation, and that I was not receiving effective
26 medical care; (See attached Exhibit #6, RJDCF Letter Dated: 12-21-07). The
27 Warden has been well aware of plaintiff's need for medical care and instead of
28 providing the needed medical care, for which he failed to do, he had his

1 subordinate, Dennis Morris, write a letter, failing to interview plaintiff,
2 failing to examine plaintiff, and deny and further delay treatment that is
3 meaningful, and effective. Doctor Choo and/or Romero failed to supervise
4 her subordinates to provide meaningful, addequate, and effective pain
5 treatment, tests, and surgery for plaintiff's ripped and painful knee injury.

6 70. On or bout 12-27-07, plaintiff received a response to his letter
7 requesting intervention in the medical problem here at RJDCF to no real
8 avail.(See Exhibit #7, Letter form Fed.Receiver Rober Sillen, 12-27-07).

9 71. On or about 1-3-08, plaintiff received notice from the Government
10 Claim Office that his claim for denial and delay of medical treatment is
11 accepted as claim number G571431 (See Exhibit #8, Government Letter Dated:
12 1-3-08).

13 72. On or about 1-8-08, plaintiff reveived a letter from the Division of
14 Correctional Health Care Services in response to plaintiff's letter complaining
15 of suffering caused by RJDCF staff denial and delay of needed medical care, and
16 this letter was also sent to RJDCF Health Care Manager, whom failed to
17 supervise subordinates in the proper care of plaintiff and proper ordering of
18 tests, and treatments, and prompt surgical procedures, and plaintiff is
19 informed and believes that the Warden Hernandez has been aprised of the
20 situation and he failed to supervise his subordinates in the proper and
21 prompt surgical procedures from outside contracted doctors and hospitals, and
22 providing needed medication for effective pain relief. (See Exhibit #8, Divis-
23 ion of Correctional Health Care Services letter Dated: 1-8-08).

24 73. On or about February 21, 2008, plaintiff's State Government Claim
25 Form was denied. (See Exhibit #8, Government Claims Program Letter Dated:
26 2-29-08).

27 74. On or about 1-8-08, plaintiff submitted a HCSRF requesting prompt
28 treatment for his tinnanitis testing, followup on doctor's appointmnet of
12-4-07, and requesting urgent care for his severe pain as stated supra in

1 paragraphs 14-73, incorporated herein. Plaintiff has been denied needed
2 prompt medical care by defendants, and all of them, as set forth herein.

3 75. On or about 1-14-08, plaintiff submitted yet another HCSRF
4 informing the doctors that treatment ordered has been unreasonably delayed,
5 and requesting treatment. Doctors Choo, Romero, and Canlas knew of these
6 HCSRF submitted and failed to promptly act to provide plaintiff with needed
7 medical care. (Ex.3).

8 76. On or about 2-8-08, plaintiff went to the doctors line to talk
9 with doctor Canlas about the severe pain that plaintiff has been experiencing.
10 Doctor Canlas lied to my face and said that he could not treat plaintiff
11 for his arthritis due to him having Hepatitis C, but doctor Canlas know
12 that plaintiff has not detectable viris within his system, yet still failed
13 to provide needed and requested medical care.

14 77. On or about 4-26-08, plaintiff recieved his Directors Level Denial
15 of an additional Appeal that he filed back on or about 10-22-07. The Appeal
16 denied the appeal, on the first page, paragraph III., yet in paragraph C.
17 of page 2, they claim that "No changes or modifications are required by the
18 Institution;" The Institution GRANTED THE APPEAL YET STILL HAS DENIED AND
19 DELAYED TREATMENT AND NEEDED MEDICAL CARE (See Exhibit #9, Directors Level
20 Appeal, Dated: 4-26-08).

21 78. On or about 3-29-08, plaintiff submitted another HCSRF informing
22 the doctors Romero, Choos, Canlas and Martinez, and Smith, and Meunier,
23 that plaintiff is in continuous pain and that his surgery perscribed by
24 Doctors Martinez and Smith has either been unreasonably denied and/or delayed.
25 These defendants, including, but not limited to Nurse Whitehead also, failed
26 to supervise their subordinates and provide the perscribed treatmnet and
27 give needed treatment requested, including Warden Heranndez. (Ex.3).

28 79. On or about 2-25-08, guard Escalante, and/or John Doe guard on duty,

1 at the Facility One Clinic, denied plaintiff access to a doctor and/or nurse
2 by cancelling appellant's appointment for no apparent reason, and plaintiff
3 was never called to report to the clinic. Guard Escalante and/or the guard
4 John Doe on duty, failed to document urgent care request and why appointment
5 was cancelled as plaintiff went asking why he was not called as he has never
6 refused to go to the Facility One Clinic for needed treatment.

7 80. On or about 4-9-08, plaintiff submitted a HCSRF informing Doctors
8 Canlas, Martinez, Choo, Romero, Warden Hernandez, and Nurse Whitehead that
9 nothing has been reasonably done to provide plaintiff with pain relief for
10 his complained of problems and his surgery perscribed has been unreasonably
11 delayed and/or denied. Doctors Canlas, Choo, Romero, Nurse Whitehead, and
12 Warden Hernandez failed to supervise their subordinates and/or provide for
13 the requested prompt effective medical care needed. Defendants, and all of
14 them, failed to promptly document urgent medical care requests and/or provide
15 for prompt surgical procedures and transport to be done leaving plaintiff
16 in pain. (Ex.3).

17 81. On or about 4-28-08, plaintiff informed Doctors Choo, Romero, and
18 Canlas that plaintiff never refused an appointment via HCSRF, and he also
19 complained of not being relieved of his pain and that the medications that
20 have been perscribed have been useless, as if given nothing at all, and these
21 doctors, Defendants, and all of them, knew or should have known of these
22 complaints and failed to act on them in a prompt and reasonable manner to
23 provide plaintiff with needed tests, treatments, medications, and surgery
24 as perscribed. (Ex.3).

25 82. On or about 4-30-08, plaintiff reported to the Nurse Line and he
26 requested urgent needed medical care for severe pain in his knee, shoulders,
27 back, hip, and toe, but Nurse Whitehead, and/or Jane/John Doe on duty failed
28 to properly document the request and inform the doctor that day, and/or failed

1 to provide the needed care at that time, but deferred treatment to a future
2 date, weeks away.

3 83. On or about March 17, 2008, plaintiff was again diagnosed with severe
4 bilateral shoulder degenerative joint disease, by Doctor Smith, and doctor
5 smith additionally perscribed/recommended that plaintiff be referred to UCSD
6 for surgical procedure of total shoulder orthoplasties bilaterally, but the
7 contracted doctor at UCSD failed to do the consult ordered and also denied
8 the treatment ordered without examination of plaintiff failing to properly
9 diagnose, perscribe treatment for, and/or perform the perscribed/recommended
10 surgical procedures, and doctor Matthew Meunierdefendant unreasonably denied
11 and/or delayed plaintiff's needed medical treatment/surgery.(See Exhibit
12 #10, Doctor D.G. Smith's diagnosis/perscription/recommendation).

13 84. On or about 4-16-08, plaintiff handed guard Escalante another CDC
14 602 Appeal, in the presence of Mr. Dixon, complaining of reporting to the
15 Facility One Clinic on 4-16-08, to request a cortizone shot and/or pain
16 medication to relieve the pain in his shoulders and right knee, and requested
17 reasonable accommodations but this appeal has been lost, suppressed, and/or
18 destroyed as plaintiff is frustrated at every try to receive effective and
19 needed medical care. Guard Escalante failed in his fuduciary duty to give
20 the Medical Appeal to the Doctor as named, claimed to have put it in the
21 Appeals Box When plaintiff specifically told him to hand it to the Doctor
22 as he denied access at that time. Guard Escalante has thereby denied access
23 to the care needed, and delayed medical care to plaintiff failing to perform
24 his duty and/or document the Appeal request for urgent care. (See Exhibit
25 #11, 602 Appeal submitted on 4-16-08).

26 85. On or about 5-9-08, plaintiff reported to the doctors line and
27 requested pain releif form the doctor on duty, doctor Canlas, and/or doctor
28 Martinez, but even though I told the doctor that the previous medication

1 did not work and that plaintiff is in severe pain in his shoulders and knee,
2 and back, he denied plaintiff effective medical care, and failed to perform
3 his duty to fully examine his patient, merely asking plaintiff questions
4 and doing nothing else, and stating that plaintiff is drug seeking as he
5 was told by guard Escalante that, and that plaintiff is faking.

6 86. Upon information and belief, On or about 4-23-08, Defendant doctor
7 Matthew Meunier contacted RJDCF, doctors Choo, and or Romero, and or Jane
8 and/or John Doe, and unreasonably denied/delayed perscribed/recommended
9 surgical procedures on plaintiff's shoulders without the ordered consultation.
10 Doctors Smith, an Martinez both recommended and perscribed surgical removal of
11 plaintiff's rotator-cups in his right and left shoulder due to the severe
12 degenerative arthritis damage and pain. Doctors Choo, Romero and Meunier are
13 deliberately indifferent to plaintiff's pain and suffering and need for
14 surgical procrdures and/or also negligent in denying and/or delaying the
15 needed medical care without reasoning and/or ordered consultation, and they
16 defendants, and all of them, failed to provide needed and requested pain
17 medications that are effective to relieve plaintiff form his pain. Because
18 they failed to provide that pain medication, plaintiff is suffering
19 unnecessarily, impaired in his ability to think, walk normally, and use his
20 arms normally in a full range of motion that has impaired his ability to
21 function and participate in numerous daily activities.

22 87. On or about 6-2-08, plaintiff sent yet another HCSRF to Doctor Choo
23 and Doctor Romero complaining of the delayed and denied surgical treatment and
24 pain relief and medication, yet that request was never responed to by either
25 doctors. (Ex.3).

26 88. On or about 6-3-08, plaintiff submitted a HCSRF to Doctor Canlas and
27 or Doctor Martinez complaining about pain in plaintiff's shoulders, sciatic
28 nurve pain in his lower back and hip, toe pain, and knee pain, yet still no

1 effective treatment and/or prompt treatment and pain relief has been provided
2 to plaintiff, and plaintiff was caused to unnecessarily suffer debilitating
3 and degenerative pain that interferes with his daily activities as said in the
4 above paragraphs. (Ex.3).

5 89. On or about 6-4-08, plaintiff submitted a HCSRf to doctors Canlas,
6 Choo, Martinez, and Romero requesting surgery as soon as possible but was
7 once again ignored and not responded to. (Ex.3).

8 90. On or about 6-6-08, plaintiff reported to the Nurse Line, and spoke
9 with the nurse on duty, defendant Whitehead R.N., and/or the nurse on duty
10 Jane/John Doe, requesting urgent treatment for plaintiff's severe pain in
11 his shoulders, back, knee and toe, but Nurse Whitehead, and/or Nurse Jane/John
12 Doe, and Guard Escalante failed to document urgent treatment request and once
13 again denied and/or delayed needed medical care and access to the doctor. Ex.12

14 91. Plaintiff Lang has been unreasonably delayed access to medical
15 staff and needed medical care due to Defendants', and all of their, failure to
16 promptly act to provide that care to plaintiff, and due to the medical visit
17 being delayed/scheduled some two, three, or even months in the future has
18 delayed plaintiff; unreasonably and/or unnecessarily, in making his medical
19 needs known to medical staff and getting the needed medical care. Defendants
20 have caused plaintiff to suffer unnecessarily and be impaired in his daily
21 activities due to their indifference and failure to act promptly.

22 92. On or about 6-9-08, plaintiff reported to a doctor's appointment,
23 to see doctor Smith about his shoulders and pain plaintiff is experiencing,
24 and he requested cortizone injections to relieve pain temporarily, yet
25 doctor Smith informed plaintiff that the cortizone injections "won't do you
26 any good, and he re-recommended and prescribed consultation and/or surgery
27 for plaintiff's shoulder at Alverado Hospital, but that has been unreasonably
28 delayed and/or denied, and plaintiff is left in pain to suffer unnecessarily.

1 93. On information and belief, if plaintiff is not provided with the
2 requested effective pain medications, and/or surgical procedures, plaintiff
3 will suffer unnecessary pain, permanent disability in arm motion, and loss
4 of future job opportunities, daily activities, and ability to perform
5 activities that require a thought process and clarity. (Ex.12).

6 94. On numerous occasions, plaintiff has unnecessarily suffered pain
7 and lost sleep, normal walking ability, normal thinking ability, and an
8 inability to move arms, hands and shoulders to function in a normal manner
9 daily. Plaintiff is also continuing to suffer depression severely and other
10 mental disabilities due to the defendants', and all of their, failure to
11 provide plaintiff prompt, effective, needed medical care.

12 95. On information and belief, when plaintiff files a grievance, the
13 grievance staff calls the matter to the attention of the individuals
14 responsible for the matter that the grievances concerns, i.e. Defendants
15 Choo, Romero, Whitehead, Meunier, Canlas, and Warden Hernandez. These
16 defendants are responsible for medical care generally and for arranging
17 for specialized medical care outside the prison.

18 96. On information and belief plaintiff is not provided with surgery,
19 in a prompt manner, plaintiff is not provided with prompt and urgent pain
20 relief for severe arthritic, knee, and back, and toe pain. Defendants, and
21 all of them, have failed in this respect. Plaintiff is suffering from severe
22 arthritic pain and without the prompt care requested and needed, and without
23 the prompt surgical procedures performed and/or effective pain medication
24 prescribed, he cannot even dress, undress, and do all normal functions daily
25 without severe pain/spasms.

26 97. On or about 5-19-08, plaintiff reported to the Facility One Clinic
27 for a doctor's appointment with Doctor Martinez who informed me that the
28 U.C.S.D. doctor Muenier had denied me the recommended/prescribed surgical

1 procedure on my shoulders without explanation. Upon information and belief,
2 doctor Martinez informed me that there is no report in the Medical File,
3 and thus Defendant Muenier denied and/or delayed the recommended medical
4 procedures without good cause and/or consultation with plaintiff. Defendant
5 Muenier failed to perform his fiduciary duty to provide meaningful, adequate,
6 and prompt effective medical care to plaintiff. (Ex.12).

7 98. Plaintiff has submitted numerous HCSRF over the past three years
8 requesting urgent care for his serious arthritic pain, knee pain, back and
9 hip pain, toe pain, lumps in his back, and tinnanitis all related to his
10 need for medical care and incorporates them herein by reference and will
11 submit them upon discovery and trial and as needed and requested by defendants
12 and the Court, and upon information and belief defendants, and all of them,
13 failed to provide prompt, urgent, and needed medical care to plaintiff on
14 or about each specific date as evidenced. Plaintiff submitted a HCSRF on
15 the following dates that were delayed and/or denial of treatment (See Exhibit
16 #3, H.C.S.R.F.): 6-22-08, 6-30-08, 6-23-08, 7-15-08, 5-9-08..... (Ex.3).

17 99. On or about 6-23-08, plaintiff reported to the doctor's line and
18 spoke with doctor Canlas, and plaintiff requested treatment, medication, and
19 testing for various medical problems, i.e. MRI for shoulders and knee, and
20 toe pain problems; Additionally plaintiff requested that the doctor expedite
21 surgical procedures on his shoulders, yet the doctor told plaintiff that he
22 could only deal and treat one problem per visit, and plaintiff complained that
23 each visit only deal with one problem as he is in severe pain now, and the
24 next scheduled visit may not be scheduled for two to four weeks. Moreover,
25 plaintiff is charged \$5.00 for every visit, but Doctor Canlas told plaintiff
26 to choose what is most priority to him; Plaintiff complained that all were
27 a priority, but the doctor refused to deal with any other problem then the
28 one prioritized.

1 100. On information and belief, Doctor Canlas has made other inmates
2 prioritize medical problems, refusing to treat/deal with more than one problem
3 per visit, and leaving prisoners to suffer with other medical problems for
4 weeks at a time thereby delaying and denying treatment and needed medical
5 care and causing unreasonable and unnecessary suffering to prisoners, including
6 plaintiff. (Ex.12).

7 101. On information and belief, Doctor Canlas has told inmates, including
8 plaintiff, that if he wanted good medical care, he should have never come
9 to prison. Also on information and belief Canlas has told inmates that
10 they are just drug keeking and refused to treat and provide needed medical
11 care and been hostile with numerous inmates.

12 102. Defendant Escalante on occassion has told staff that Lang is faking,
13 because he saw him playing handball, and that Lang is merely drug seeking, and
14 Defendant Escalante also told Plaintiff Lang that he has told the Medical
15 staff this and custorial staff also.

16 103. On or about 7-2-08, plaintiff reported to the Nurse's Line, to Nurse
17 Whitehead, complaining about severe pain in his sciatic back/hip lag, Shoulders,
18 right Knee, and toe and requested urgent medical care, but nurse Whitehead,
19 refused to provide that care and permit plaintiff to immediately see a doctor,
20 and failed to properly document urgent care and report to a doctor immediately
21 or the doctor on duty unreasonably refused needed medical care to plaintiff,
22 doctor Canlas, Martinez, or John Doe, and plaintiff is again denied and delayed
23 medical care needed and left to suffer unreasonably and his pain and medical
24 conditions to worsen and further cause disabiliity in his participation in
25 daily activities. (Exhibit 12).

26 104. Doctor Canlas, Martinez, Choo, Romero, have all failed to provided
27 plaintiff needed medical care on folloup appointments, and/or failed to have
28 them scheduled in a prompt manner and accoring to policy and procedures; Thus

1 leaving plaintiff in pain to suffer unnecessarily, and causing his knee
2 tear and degenerative arthritic conditions to worsen unnecessarily, as it
3 could have been corrected by surgical procedures, and caused plaintiff to
4 be further disabled and not be able to do normal activities without pain and
5 suffering, i.e. thinking impaired, walking impaired, sleeping impaired,
6 and all activities movement have been impaired and/or plaintiff is not able
7 to participate in programs, work, and activities that he would otherwise
8 participate in without pain, or with less pain in doing them.

9 105. On or about 7-15-08, plaintiff went to the Facility One Clinic and
10 approached guard Escalante requesting urgent care from the doctor and/or nurse,
11 but guard Escalante failed to properly document urgent care request and did
12 not permit plaintiff to see the doctor or nurse. He specifically said: "No,
13 get out of here Lang before you get put in the hole --- Don't let the Lt. see
14 you here." This was the day they wrongfully cuffed and put me in my cell for
15 the remainder of the day.

16 106. On information and belief, plaintiff is scheduled for a followup
17 medical appointment that has been unreasonably delayed and or denied, and
18 on or about 7-7-08, plaintiff is scheduled for another followup appointment
19 regarding his MRI by doctors Canlas and Martinez, but that appointment is
20 delayed and denied and plaintiff was never seen for it.

21 107. On or about 8-12-08, plaintiff reported to the nurse line and
22 complained of severe pain and need for urgent medical care, but the nurse on
23 duty, Jane Doe, deferred treatment to a future date unreasonably and failed to
24 properly document urgent care request and inform the doctor on duty. (Ex. 12).

25 108. On or about 8-26-08, plaintiff reported to the doctors line, but
26 he was denied access to the doctor by guard Escalante, and told that he was
27 being scheduled for another appointment in the future because the doctor
28 did not have his chart, but plaintiff requested urgent care, and informed

1 the guard that they could do the appointment without the chart and put the
2 doctors orders and notes in later with the chart arrived or at records,
3 but defendant Escalante denied and delayed access to the doctor regardless
4 of plaintiff's requests. (Ex.12).

5 109. Plaintiff has reported to numerous Doctor's Line and/or Nurse's Line
6 appointmnets and passes, but relatively the same result has occurred, plaintiff
7 has been denied and delayed needed medical care and that care requested;
8 Plaintiff incorporates by this referance all appointment that he has missed
9 documenting, lost passes and/or the documentation thereof, and alleges that
10 Defendants, and all of them, knew or should have known of them, and caused
11 plaintiff unnecessary suffering and pain due to their neglect, failure to
12 provide requested and needed medical care, and failure to provide plaintiff
13 testing (i.e. MRIs), surgical procedures, and pain medications that work on
14 him such as Avinza, OxyContin, Percocet Endocet, with other anti-inflammatory
15 medications also, such as Lyrica, etc. but rather than provide plaintiff
16 medications that he could have gotten in free society from the doctors, they
17 Defenants, and all of them, chose to delay and deny needed care and cause
18 plaintiff unnecessary pain and suffering.

19 110. Plaintiff has filed appeals through the prison grievance system
20 relative to the conduct of defendants described herein; One such Appeal is
21 attached as **Exhibit # 1**, wherein plaintiff asked for his "Disabilities
22 to be Documented on an 1845," that he be issued a 128-C Health Services Chrono,"
23 that he be issued an "Egg-Crate, mattress and Head Rest" to decrease pain
24 and exacerbation of arthritic condition, that he be given other meaningful
25 treatment and test. Plaintiff's appeal was granted by defendants on or
26 about January 16, 2006, yet the granting of the appeal was merely lip service
27 paid to plaintiff as nothing has been done as was granted; Another such
28 Appeal is attached as **Exhibit # 9**.....Treatment and medical care needed has

1 been unreasonably delayed and/or denied, and plaintiff is unnecessarily left
 2 to suffer pain and worsening conditions of his arthritis and knee tear and
 3 back pain.

4 CLAIMS FOR RELIEF

5 (Eighth Amendment Violation - Deliberate Indifference to) 6 Serious Medical Needs

7 111. Plaintiff refers to and incorporates by reference herein all the
 8 allegations of paragraphs one, 1, through 110, inclusive;

9 112. Plaintiff's medical condition, as described herein, constitutes
 10 a serious medical need in that failure to treat then conditions have
 11 resulted in further significant injury, and the ongoing failure to treat
 12 plaintiff's medical conditions is likely to cause more serious injury, and
 13 said injury includes, but is not limited to, severe depression, impaired
 14 thinking process, mobility impairment of arms and legs, inability to walk,
 15 shower, sit and/or stand for any length of time, inability to lift heavy loads,
 16 inability to write, read, and work for long periods of time, inability to
 17 exercise normally and participate in games and daily activities without pain,
 18 and impaired sleep process, and inability to lay on bad normally, and inability
 19 to reach, bend over, and position himself where he is not experiencing pain.
 20 Plaintiff's medical conditions significantly affect his mental, psychological,
 21 and physical well-being, and his every day activities in prison and daily life.
 22 The injuries of his shoulders additionally interfere with how he wips his ass,
 23 and performs bodily waste functions.

24 113. Plaintiff is informed and believes, and thereon alleges, that the
 25 defendants, and all of them have acted intentionally in the manner described
 26 above in paragraphs 14 through 112, pages 3-5, & 13-43, and with knowledge of
 27 plaintiff's suffering and pain and the risk of further serious harm and injury
 28 that could result from their actions or refusal to act.

114. Defendants Hernandez, Meunier, Choo, Romero, Canlas, Whitehead, Escalante, and Jane/John Does conduct violates 42 U.S.C. §1983, and §§12101 et seq., because that conduct constitutes deliberate indifference to plaintiff's serious medical needs in violation of his Eighth Amendment right to be free from cruel and unusual punishment, and denial and/or delay of needed medical care and pain management constitutes cruel and unusual punishment under Estelle v. CDC 602 CONTINUATION PAGE: "EMERGENCY APPEAL"

Every day I experience constant severe, debilitating, & disabling pain in my Right & Left Shoulders due to degenerative arthritis that extremely limits my mobility and interferes with my daily activities. On numerous occasions I have requested treatment for same; On 6-16-05, I again submitted a "Health Care Services Request Form" requesting an examination/treatment. That form has not been responded to as of this date (6-22-05, See Attachment #1, Health Care Form) allowing me to go on suffering debilitating pain at work, during daily activities, and during nightly slumber time;

I have been diagnosed by a physician as having degenerative arthritis. Please review attached medical documentation (Attachment #2, Medical Imaging, Physicians Progress Notes, & Physicians Orders, etc.). I have been given several medications for my condition which in my experience have not worked adequately nor effectively. I have informed the doctors of these facts. To date, everyone I have consulted regarding my diagnosed arthritic condition has been deliberately indifferent to my serious medical needs. I have been both delayed and/or denied meaningful, adequate treatment for same.

The documentation provided verifies that I am disabled. I have not been issued a "128-C Health Services Chrono" pertaining to "WORK RESTRICTIONS." I have not been given treatment that is adequate, and I am in constant, severe pain daily. My condition is exacerbated nightly by the steel bed. I cannot sleep due to severe pain when I lay down and/or turn on my side. This problem has also exacerbated my Mental Health problems, depression, etc. due to the deliberate indifference to my conditions, pain and suffering. (See *Hoptowit v. Ray* (9th Cir. 1982) 682 F.2d 1237, 1246; And *Estelle v. Gamble* (1976) 429 US 97, 104).

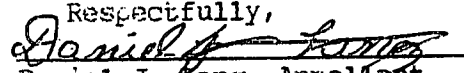

My State and Federal Constitutional Right to Health & Safety are thereby violated. I am denied/delayed adequate, meaningful treatment pursuant to laws and/or regulations (See California CCR Title 15, §3350 et seq.; Penal Code §2600, §5054, §5058; & Calif. Const. Art 1, §1, §7, §17, §24; United States Constitution Preamble, Amendments 8 & 14).

ACTION REQUESTED:

- 1) That my disabilities be documented on an "1845" Verification of Disabilities Form (Mobility Impaired, & Mental Health) and given a copy ;
- 2) That I be issued a "128-C Health Services Chrono" (Work Restrictions) "ADA" Classification;
- 3) That I be issued an Egg-Crate Mattress and Head-Rest to limit/decrease the exacerbation of my condition; And
- 4) That I be provided effective, adequate, and meaningful treatment.

Judge assails state on prisons
 He orders governor to move more quickly on health care crisis.
 By Claire Cooper -- Bee Legal Affairs Writer
 Published 2:15 am PST Friday, December 2, 2005
 Story appeared on Page A1 of The Sac Bee

SAN FRANCISCO - Saying California authorities "still fail to grasp the gravity" of a crisis in prison health care, a federal judge on Thursday gave Gov. Arnold Schwarzenegger five days to put in charge someone with "authority and ability."

He ordered inspections to see that emergency fixes are made by early next year.

Senior U.S. District Judge Thelton Henderson also ordered pay hikes for prison doctors and nurses, starting immediately, as well as accelerated hiring procedures and other stopgap measures to reverse an exodus of medical personnel.

Schwarzenegger spokeswoman said late Thursday that Peter Farber-Szekrenyi, appointed this week as chief of prison health care services, "will be held accountable and responsible by the governor for bringing needed reforms" and will work directly with the Governor's Office on the reform plans. She said he also will be the state official reporting to the judge.

Farber-Szekrenyi has a doctorate in health care institution administration and more than 30 years of experience in the field, according to an announcement from the Governor's Office.

Henderson earlier this year found medical care in California prisons to be in violation of constitutional standards for humane care, saying unnecessary inmate deaths averaged one a week. He ordered the system into receivership then and has been conducting a search for someone capable of running the billion-dollar-a-year prison clinic operation.

His latest ruling came two weeks after a temporary overseer reported further deterioration, approaching "meltdown," with about 600 clinical jobs vacant.

Henderson's order came just two days after an appearance in his San Francisco courtroom by state lawyers, who failed to dissuade him from following the overseer's recommendations.

"Instead of voicing an aggressive commitment to the recommended reforms, (the lawyers) were content to invoke bureaucratic red tape and 'business as usual' procedures as roadblocks," Henderson wrote Thursday.

He was particularly troubled by what he called "a remarkable symptom of this dysfunction" that came to light at the hearing - the lawyers' disclosure that neither Corrections and Rehabilitation Secretary Roderick Hickman nor Undersecretary Jeanne Woodford had been personally involved in directing the positions argued by the lawyers.

They "were not even aware of the objections" made in their behalf, the judge said.

Schwarzenegger, the lead defendant in the constitutional case, has assured Henderson since taking office that he will fix the prison health care system. Spokeswoman Julie Soderlund reiterated the promise Thursday.

But Donald Specter, director of the nonprofit Prison Law Office, which represents inmates in the constitutional case, said Thursday that time has run out.

"The governor is risking contempt if there isn't compliance now with the court's order," said Specter, noting that Henderson "has told the governor exactly what he has to do in the next month to get doctors and nurses into the prisons and stanch the bleeding of clinical personnel."

Subject: SECOND LEVEL APPEAL RESPONSE

LOG NO.: SATF-E-05-02843

ISSUE:

It is the appellant's position that he experiences constant severe, debilitating and disabling pain in his right and left shoulders due to degenerative arthritis that extremely limits his mobility and interferes with his daily activities.

At the Informal Level of Review the appellant requests a CDC Form 1845 be completed, CDC form 128-C (medical chronos) providing work restrictions, egg-crate mattress, headrest, and medical treatment.

At the First Level of Review the appellant adds, "I am dissatisfied because my appeal is granted, but no remedy has been made available to appellant. Action requested remains the same. The attached documentation are physicians evaluations."

At the Second Level of Review the appellant adds, "I am dissatisfied with the response as no evidence was given to support the denial of reasonable accommodations requested. This response was not received by me until November 27th 2005 at Richard J. Donovan Correctional Facility at Rock Mountain (RJD). Please return appeal as soon as possible as it needs to be forwarded to S.F. Prison Law Office Attorney's."

INTERVIEWED BY: Unable to Interview (see below)REGULATIONS: The rules governing this issue are:**Armstrong v. Davis Court Ordered Remedial Plan (ARP) II.A. Qualified Inmate/Parolee**

A "qualified inmate/parolee" is one with a permanent physical or mental impairment which substantially limits the inmate/parolee's ability to perform a major life activity. Major life activities are functions such as caring for one's self, performing essential manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

ARP II.B. Permanent Disability

A "permanent disability or impairment" is one, which is not expected to improve within six months. Temporary impairments

such as a broken leg or hernia operation do not constitute a permanent disability or impairment.

California Code of Regulations, Title 15, Section (CCR) 3350. Provision of Medical Care and Definitions.

(a) The department shall only provide medical services for inmates, which are based on medical necessity and supported by outcome data as effective medical care. In the absence of available outcome data for a specific case, treatment will be based on the judgment of the physician that the treatment is considered effective for the purpose intended and is supported by diagnostic information and consultations with appropriate specialists. Treatments for conditions, which might otherwise be excluded, may be allowed pursuant to section 3350.1(d).

(b) For the purposes of this article, the following definitions apply:

(1) Medically Necessary means health care services that are determined by the attending physician to be reasonable and necessary to protect life, prevent significant illness or disability, or alleviate severe pain, and are supported by health outcome data as being effective medical care.

CCR 3354. Health Care Responsibilities and Limitations.

(a) Authorized Staff. Only facility-employed health care staff, contractors paid to perform health services for the facility, or persons employed as health care consultants shall be permitted, within the scope of their licensure, to diagnose illness or, prescribe medication and health care treatment for inmates. **No other personnel or inmates may do so.**

Appellant transferred to RJD on September 6, 2005. On September 7, 2005 and September 12, 2005, E. McCant, Correctional Counselor II, attempted to interview appellant telephonically by contacting the Appeals Coordinator at the RJD Facility to assist in arranging an interview with appellant. Both attempts to interview appellant were unsuccessful. On September 13, 2005 this appeal was forwarded for processing.

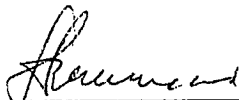

Appellant's Unit Health Record and First Level of Review (FLR) response has been reviewed. As stated in the FLR, Dr. E. Flores examined appellant on August 4, 2005. There was no medical indication for appellant to receive an eggcrate mattress, headrest, work restrictions, and/or CDC 1845 form for disability placement. Appellant does not meet the criteria for a "qualified inmate" as stated above. Appellant was prescribed Ibuprofen as current prescription of Indomethacin was making appellant sick as indicated by appellant (see attached medication profile).

The appellant indicated that the appeal was to be considered as an emergency. Following review of the issues, it was found not to have met the emergency criteria as described in CCR 3084.7(a). The appeal was processed as a routine matter.

DECISION: The appeal is **PARTIALLY GRANTED**. Appellant's request for medical treatment has been granted.

APPEAL LOG #: SATF-E-05-02843

APPEAL DECISION: PARTIALLY GRANTED

DESCRIPTION OF PROBLEM:

It is the appellant's position on appeal that he experiences constant severe, debilitating and disabling pain in his right and left shoulders due to degenerative arthritis that extremely limits his mobility and interferes with his daily activities.

ACTION REQUESTED:

Appellant is requesting a California Department of Corrections (CDC) Form 1845 be completed, CDC Form 128-C (medical chrono) providing work restrictions, egg-crate mattress, headrest, and medical treatment.

APPEAL RESPONSE:

Appellant transferred to Richard J. Donovan Correctional Facility on September 6, 2005. On September 7, and 12, 2005, E. McCant attempted to interview appellant telephonically by contacting the Appeals Coordinator at the Richard J. Donovan Correctional Facility to assist me in arranging an interview with appellant. Both attempts to interview appellant were unsuccessful. Both times the Appeals Coordinator told me he would call me when he found the inmate's housing assignment. As of September 13, 2005, the Appeals Coordinator has not contacted E. McCant for a telephonic interview with the appellant.

Appellant's Unit Health Record (UHR) has been thoroughly reviewed. Appellant's UHR shows Dr. Flores examined appellant on August 4, 2005, and appellant complained of sharp pain in shoulder. Appellant informed Dr. Flores that pain medication Indomethacin makes him sick. Dr. Flores discontinued Indomethacin and prescribed Ibuprofen. Dr. Flores did not find it medically necessary, base on criteria, to issue appellant an egg-crate mattress and headrest. Dr. Flores did not find it necessary to complete a CDC Form 1845 (American with Disabilities Act) designating the appellant as mobility impaired (DPM) and a work restriction chrono because appellant did not meet the criteria for them.

Appellant's UHR shows he was receiving ongoing treatment at the California Substance Abuse Treatment Facility and State Prison at Corcoran.

You have been provided with a thorough response. Therefore, based on the above, your appeal is being **PARTIALLY GRANTED** at the First Level of Review.

Memorandum

Date December 21, 2007

To: All Concerned

Subject: COLLECTION OF INMATE/PAROLEE APPEAL (CDCR 602) AND REASONABLE MODIFICATION OR ACCOMMODATION REQUEST (CDCR 1824) FORMS

The procedure for collecting Inmate/Parolee Appeal (CDCR 602) and Reasonable Modification or Accommodation Request forms (CDCR 1824) is being modified.

Effective January 1, 2008, the yellow metal drop boxes labeled "INMATE APPEALS" located in the housing units will no longer be used to collect CDCR 602's or CDCR 1824's. All CDCR 602's and CDCR 1824's will be process through the institutional mail and via the yellow "Reasonable Accommodation" drop boxes located outside each program office. The Inmate Appeals Office will be responsible for collecting the CDCR 602's and CDCR 1824's placed in the "Reasonable Accommodation" boxes each business day.

Appeals regarding operations or issues on a particular facility are most appropriately addressed at the INFORMAL level. Informal appeals for that facility shall be presented to the appropriate employee by the Captain or their designee. Both parties will exert a serious effort to resolve the issue INFORMALLY. All other CDCR 602's and CDCR 1824's will be forwarded to the Inmate Appeals office daily.

If you have any questions regarding this process, please e-mail or call Correctional Counselor II E. Franklin, at extension 5059.

If you are not then satisfied, you may send your appeal with all the supporting documents and not more than one additional page of comments to the Appeals Coordinator within 15 days of the action taken. No reprisals will be taken for using the appeals procedure responsibly.

IMPORTANT INFORMATION ABOUT YOUR HEALTH CARE VISIT

WHEN DO YOU HAVE TO PAY FOR A HEALTH CARE VISIT?

On July 9, 1994, a California State law was passed. That law gave the Department of Corrections permission to charge inmates a fee when they request a health care visit. The California Code of Regulations, Title 15, Div 3, has also been changed because of this law.

With some exceptions, **YOU WILL BE CHARGED** a five dollar (\$5.00) copayment fee for each health care visit that you request. This includes requests made for you by departmental staff, other inmates, your family or your attorney. If you request services that require more than one doctor, you will be charged for each initial visit with each doctor. This means if you request dental services and medical services, you will be charged for the visit with the dentist and the doctor/nurse.

The copayment fee will be charged to your trust account. If there is not enough money in your trust account over a period of 30 days, you will not be charged.

The copayment of \$5.00 for this visit will cover your visit with a doctor, nurse, or dentist. It will also cover prescribed medicines, laboratory tests, and referrals to other doctors.

YOU WILL NOT BE CHARGED for health care visits that are for:

an emergency.

a communicable disease (such as HIV, AIDS, and TB).

mental health services.

follow up health care services recommended by a doctor, nurse, or dentist.

health care services necessary to comply with State law and regulations (e.g., annual TB testing).

reception center screening and evaluation.

inpatient services, extended care, or skilled nursing services.

YOU WILL NOT BE DENIED HEALTH CARE IF YOU DO NOT HAVE MONEY IN YOUR TRUST ACCOUNT TO PAY THE FEE.

RJD Correctional Facility

As long as I cannot do anything to get medical help for Daniel, I expect that your medical staff do their job. His injury took place on the yard grounds, and you are ultimately responsible for his welfare. I will be taking this complaint to a higher level, and Judge Henderson if something is not done very soon. I don't expect Daniel to endure this pain, with no concern for his health by your staff. As you well know, aspirin does not do much when this kind of injury is sustained. This has been delayed for much too long.

Thank you for your assistance with this matter. If you have any questions, please contact me. I expect that my husband is taken care of and soon.

Regards,

Re: Daniel J Lang C82516

Dear Warden Hernandez,

I am writing on behalf of my husband, Daniel J Lang D82516, and he is housed in Fac 1 - Bldg 3 - 111. I have a growing concern for his health, and am asking that you look into this problem.

About 8 months ago, while Daniel was on the yard, he fell into, and on, a drain grate in the yard, and twisted his knee. He thought the immediate pain would decrease after the initial twist and fall, but after a few months it became apparent that it was getting worse, not better. He has tried to get medical attention and the medical attendants are not taking this seriously at all. He now has collateral damage to his hip, so much so that his hip has shooting pain. He went to the medical office last week, received some aspirin and a cane, with still no talk of getting this taken care of. They have given hip lip service to date, I believe he has had xrays taken, but nothing has been done to remedy this injury. A promise of an outpatient surgery was talked about, but now 8 months after the injury, he is incurring further pain and further delay.

Daniel is a very strong and healthy man. This knee injury has taken its toll on his health and his mobility. An obvious bulge on his knee is getting larger and larger, and affecting his walking, thus his hip now has shooting pain. I am very concerned for his welfare, and am filing a complaint against your medical system at this time.
